AND OPERATIONAL
LEVEL ENGINE OFFICERS**

**ENTIRE COURSE
A CELESTATION
CO**

Simulator / Facility

The "MT HYBRID ERS" is a Mitsui-Terasaki Hybrid engine room simulator equipped with an actual engine equipment installed in the engine of MITSUI MAN B & W. The precision engine model is made up of computer model to simulate the piping system, computers and video cameras for a virtually near realistic simulation for participants.

Reasons to Attend the Course

This course covers the competence and the required knowledge, understanding and proficiencies prescribed in STCW 1978/1995, Chapter III/1.1 – 1.6, 1.10 and Table A-III/2.1 – 2.6, A-III/2.8, A-III/2.10, A-III/2.11, A-III/2.14, A-III / 6.1, A-III/6.2, A-III/6.7 & A-III/6.9 of the STCW 2010 Code as Amended focused on ME Type Engine. Attendees to experience our virtual two-way online streaming where familiarization of basic operation, trouble shooting of type engine and practical training of overhauling HCU (Hydraulic Cylinder Unit) are strategically demonstrated. The course is also compliant with Class NK Standard for Certification of Maritime Education and Training Simulator.
